## **WE ARE AN ALTERNATIVE TO A LARGE LAW FIRM PRACTISE**

**US AND EUROPEAN QUALITY IP SERVICES AT REASONABLE PRICES FOR HIGH TECHNOLOGY COMPANIES**

**Intellectual Property (IP) is one of the key drivers for companies to become successful and grow in different geographies. Further, IP is a valuable asset, for any company, than any other form of asset. By properly managing IP, a company can protect its products and services.**

**At GIPS, we provide high quality IP services at a reasonable cost, and we specialize in ideas originating from the United States, Europe, and India. With highly qualified professionals located in offices in Princeton, NJ, USA, San Jose, CA, USA and Bangalore, India, GIPS is uniquely positioned to provide intellectual property services around the clock and across the globe.**

**We have successfully prosecuted well over 10,000 patent applications and 5000 trademarks at IPO and USPTO for our high technology clients. We have been in business for well over 25 years and we are now celebrating our 25 years anniversary!**

**GIPS offers a full complement of IP services, including patent and trademark prosecution. GIPS advises clients concerning the creation (IP harvesting), development, enforcement, exploitation, protection, and transfer of intellectual property rights.**

**In addition, GIPS provides all aspects of patent and trademark services, including matters related to preparing and filing patent and trademark applications; counseling and preparing opinions related to patentability, infringement, and validity; preparing licensing agreements; counseling for procurement of intellectual property rights, confidentiality issues, and non-competition matters.**

**Our clients include many multi-national companies based in the US, Europe, Asia Pacific, and India. Our firm specializes in the hardware, software, and mechanical technology areas.**
